Unprecedented Service for Motor Car Owners

We have erected an exclusive service building in Long Island City in order to provide the owners of Packard Motor Cars in this territory with the most efficient service within our power

Straight Across from Columbus Circle

The new depot is located at the intersection of Thompson Avenue. Van Dam Street and the Viaduct that leads to the Plaza of the Queensboro Bridge, and is thus only 21 miles or a 10 minutes' ride, in a straight line from Columbus Circle.

Ample Room and Unusual Facilities

This building will accommodate over soo cars at one time. It has eight stories and a basement, aggregating 120,000 square feet of floor space. It is absolutely fireproof. The ground floor contains a show room, order department and a general service room. The second floor will be devoted exclusively to a supply of parts and accessories. The next five floor will be used for upholstering, painting, repairing and similar work.

Special Provisions for Motor Trucks

The entire eighth floor will be used for trucks. This floor having a clearance of 15 feet and being entirely free from pillars, we will be able to accommodate trucks with bodies of the
